

Central Fiscal Calendar Manager

Speak the same business language and run your business efficiently based on a uniform fiscal calendar across systems

Uniform fiscal calendar is a critical need in organizations with a heterogeneous ERP environment. Finance organizations require annual maintenance of fiscal calendars in each system. Our central fiscal calendar manager addresses this need by allowing users to define the uniform fiscal calendar once and transfer modified calendars to suit source ERP systems

Leverage common definition to automate schedule

Extending the benefits of a centrally maintained uniform fiscal calendar, our product enables users to execute automated system activities and data feeds based on a uniform schedule across the environment. D+1 will mean the same in all your transaction systems!

Centrally execute automated system activities and data feeds based on uniform fiscal calendar. No more painful scheduling through multiple fiscal calendars!
